NEW CHAPEL DEDICATED

Mead Memorial at Middlebury College Opened to the Public

BUILDING GIFT OF
EX-GOV. J. A. MEAD

President Thomas Preached
Baccalaureate Sermon
Yesterday

Middlebury, June 19.—The Mead Memorial chapel, the gift of ex-Governor John A. Mead to Middlebury college, was dedicated here this afternoon with impressive ceremonies. The sermon was preached by Dean Charles R. Brown of the Yale divinity school, and the dedicatory prayer was by Bishop Arthur C. A. Hall of Vermont. A large student choir sang a te deum and "Lift Up Your Heads, O Ye Gates."

In presenting the keys of the building, Governor Mead said: "Doctor Brainerd, classmates and friends: It is with solemn and pathetic recollection that we turn again in our life's pilgrimage to this spot, fragrant with memories of two years ago, when we laid the foundation of this structure. These two years have passed only too rapidly, and I might say pleasantly, since the soil was first removed and the corner stone of this memorial chapel was placed on this, the highest portion of our campus."

"On this occasion and in behalf of your committee, I wish to express our high appreciation of the skill and untiring efforts of Messrs. Allen and Collins, your architects, in designing a structure so thoroughly in keeping with the style of architecture of the buildings upon your campus, and in accordance with the expressed wishes of your committee, and to Mr. Rogers, I wish to convey the thanks of your committee for his continued and untiring efforts to follow in every detail the designs submitted, often assisting with valuable suggestions, the result of a lifelong experience; and to your committee in behalf of our board of trustees, as we are so soon to complete our task and to transfer the results of our endeavors to the proper college officials. I wish to state that no gentlemen could have been more earnest or faithful in their efforts to accomplish the very best results with the means at their command, than have President Thomas, Doctor Brainerd and Judge Weeks, and I personally wish to assure them of my sincere appreciation for their patience and great kindness during certain periods of unreasonable anxiety on my part to make this memorial chapel in every way worthy of the noble and inspiring purpose which prompted its erection."

"With our labor of love and devotion all complete, it is with great pleasure and an honor that I, through him who assisted me some two years since in removing the soil for the 'setting of the corner stone,' and who placed under the same his token of love—his Bible and a short history of his relation to those who made this temple possible; as I stated, it is with pleasure that through him I may present to you, Doctor Brainerd, representing the trustees of this college, the keys to the Mead Memorial chapel, and may the kind Providence who governs all our efforts for the greatest good and happiness of His children, give you strength and wisdom, that you and our fondest and most extravagant anticipations of this day may be more than realized."

In accepting the chapel in behalf of the trustees, ex-President Brainerd said: "Doctor Mead: I esteem it a great pleasure to appear in behalf of the president and fellows of Middlebury college and accept publicly your gift of this beautiful sanctuary, that we have this day met to dedicate to the worship of the almighty God. For many years, especially since the old chapel proved too small to hold even the half of our students it has been the fond hope and earnest prayer of the friends of the college, that in God's providence there might appear a man of the religious fervor and the financial ability requisite to meet this urgent need for a larger and more suitable edifice. To-day our ardent hopes are realized; our prayers are graciously answered. And to me it is especially gratifying that our benefactor is my beloved classmate, one to whom I am bound, now for 36 years, by ties of the warmest friendship."

"During these many years (which have passed with us so swiftly) the heavenly Father has been pleased to grant you strength of mind and body, and varied opportunities for doing great service to your fellow men. How well I recall the patriotic zeal with which, while yet a student in college, you enlisted in the fight to prevent the dismemberment of these United States. Later, as a well-trained physician, you served in another way—against the diseases that distress mankind; and by sound judgment and kindly sympathy achieved an enviable reputation in this beneficent calling. Still later your executive talent enabled you to build up a great industry, whose products are now used in every civilized portion of the world. More recently you served the commonwealth of Vermont in her highest public office, with business sagacity, with fidelity, and with honor. But the noblest deed of all—the one for which future generations will hold you in most grateful remembrance—is the erection of this spacious and attractive chapel, where the religious life of the

Plain Ends

CIGARETTES

Alfred W. McCann writes able articles in the New York Globe, exposing filth in foods and factories. He calls a spade a spade.

He examined the plant where STRAIGHTS are made and these are a few of the spades he called:

"Cigarette maker puts food makers to shame"

"I urge all to visit this factory where cleanliness is little short of godliness"

"The Tobacco was laid away as carefully as the old fashioned house-wife stores away her spare linen"

"A poem of sanitation"

STRAIGHTS are surpassingly good and pure. One box tells the story.

REMEMBER, there is a standing invitation to inspect the STRAIGHTS factory open to anyone visiting New York City. Your name and address on a postal to 337-347 West 27th Street, New York City, will bring the card of invitation promptly.

college may find fitting expression and the stimulus of hallowed associations.

"With grateful hearts, dear brother, we accept your generous gift; and we assure you of our earnest purpose so to utilize its opportunities for religious culture, as to promote the growth of earnest Christian character in the students of Middlebury college. Here for generations yet to come the melodious bells of this chapel shall sound out over the campus and the town the strains of Christian music, that from childhood have awakened in our souls the sentiments of faith and courage and earnest living. Through the coming years at morning prayer here shall

"The pealing organ blow
To the full voiced choir below.
In service hark, and anthems clear."
Here from Sabbath to Sabbath shall be proclaimed the blessed truths of the gospel of Jesus Christ, opening the eyes of the earnest student to behold the glorious things of the kingdom of God—awakening the spirit of reverence, of self-sacrifice, of brotherly love—involving noble endeavor in the service of God and of man.

"The Lord reward you, dear friend, for all that you have done, or may yet do, for the good of others; and may the years of earthly life that still remain be your best years, filled with blessed memories and abiding peace."

The new chapel was opened with an organ recital last evening. The program was by Ernest L. Mahaffey, assisted by Miss Fanny Lott, soprano. Charles Collins, of Allen & Collins, architects, spoke briefly concerning the architecture of the chapel.

Baccalaureate Sermon.
President Thomas delivered the baccalaureate sermon to the Middlebury college graduating class yesterday, taking "Preparation," as his theme. Addressing himself to the class, the speaker said: "Members of the graduating class: To-day you enter a godly fellowship, that of the alumni of Middlebury college. Most of them have had to fight their way from the start, with little help from others. See that you succeed not less honorably. Think carefully; strive patiently; work hard. The old world will

fight you till you die, and you must learn to enjoy the struggle. Do not waste your strength in dreaming, or in following false leads. You should have caught from our proud little college the spirit

and the habit of achievement. Do not lose it and do not be afraid to apply it to anything that is right. You can have what you will; you can be what you want to be. You will never fail in attainment until you fail first in faith.

Ask, and it shall be given you; seek, and ye shall find. And may the good God open to you a place of hard battle and of glorious victory."

Old Lady—Here's a penny, my poor man. I'd like to see how you become so destitute?
Beggars—I was always like you, mum, a-givin' away vast sums ter the pore an' needy.—Facts and Fancies.

MRS. MADELINE FORCE ASTOR TO WED

Widow of Titanic Victim Will Marry
Wealthy Brooklyn Sugar Refiner, Probably To-day.

New York, June 19.—Mrs. John Jacob Astor, who was rescued in the Titanic disaster in which her husband perished, will be married at her country home at Bar Harbor, Me., at an early date, probably to-day, to William K. Dick, a wealthy sugar refiner of Brooklyn.

By contracting this marriage, the announcement of which Saturday came as a surprise to all except the closest friends of the couple, Mrs. Astor relinquishes the income on a trust fund of \$5,000,000, bequeathed to her by Colonel Astor in his will "for so long during her natural life as she may remain my widow." Under the terms of Colonel Astor's will, this money will revert to his son, Vincent Astor. Similarly the Astor Fifth

avenue town house and its contents will become Vincent Astor's property.

Mrs. Astor is 24 years old, about five years the junior of Mr. Dick, who is a member of an old Brooklyn family, a club man and a director of several banks and industrial concerns. Mr. Dick and Mrs. Astor have been friends since childhood, when both lived in Brooklyn. They have been engaged, it is said, for about two months.

Mrs. Astor, formerly Madeline Tallmadge Force, became in 1911, when 19 years old, the second wife of Colonel Astor, then 46, many times a millionaire, head of the Astor family and an author, soldier and social leader. His first wife, Ava Willing of Philadelphia, mother of Vincent Astor and Alice Muriel Astor, had divorced him in 1909.

About four months after Colonel Astor's death in April, 1912, his widow gave birth to a son, John Jacob Astor. For this post-humous heir Colonel Astor had provided a trust fund of \$3,000,000. Mrs. Astor, as Mrs. Dick, is expected to continue as the legal guardian of this child.

"SAVING DAYLIGHT" NOT NEW IN MEXICO

Forty Years Ago the State Workers
"Set Back the Clock," and
There It Stayed.

Bangor, Me., June 19.—The people of the town of Monson, Piscataquis county, the state metropolis of Maine, began 40 years ago to "save daylight" by "setting back the clock."

Ninety per cent of the slate quarried in Maine comes out of the deep pits of Monson, whence it is taken by a body of workmen comprising Swedes, Finns, Russians, Germans, Danes, Welshmen and Americans, representing practically the entire adult male population of a village of 1,800 inhabitants. Nearly all of the foreign-born are naturalized and are among the best citizens of the state, caring nothing about the hyphen. This industry brings about \$200,000 a year into Monson.

It occurred to one of the state workers that it would be a good idea to go to work an hour earlier in the morning and stop an hour earlier in the evening, thereby gaining greatly in daylight. At that time the work day was 12 hours; now it is nine hours. The idea was at once adopted, and from that day every clock in Monson has been running an hour in advance of other clocks in Maine.

LITTLE PIMPLES ON FACE, NECK AND HANDS. Became Scaly and Skin Was Sore. Ashamed To Go Out. Lasted Three Months.

HEALED BY CUTICURA
SOAP AND OINTMENT

"One night before retiring I was troubled with an itching and in the morning I found that my face was all broken out with little pimples, and then they came on my neck and hands. The pimples became scaly and my skin was so sore that I had to bathe it with cold water to keep the pain down, and I scratched and my face became erupted. I was so red and sore I was ashamed to go outdoors at all. It lasted about three months."

"I tried—and—to no purpose. A friend told me to try Cuticura Soap and Ointment so I did, and after using three cakes of Cuticura Soap and one-half a box of Cuticura Ointment I regained my complexion, and was completely healed."
(Signed) Miss Helen Lynn, 39 Tyler St., Nashua, N. H., Aug. 27, 1915.

Sample Each Free by Mail

With 32-p. Skin Book on the treatment of the skin and scalp. Address post-card "Cuticura, Dept. T, Boston." Sold by druggists and dealers throughout the world.

EXTREME WEAKNESS AND SUFFERING

Read How Mrs. Goodling got
Relief and Strength.

York, Pa.—"I have used Lydia E. Pinkham's Vegetable Compound and found it to be all you say it is. I was so sick that I could not stand at my sink to wash dishes and I could not sit without a pillow under me. I had the doctor every few days but since I have taken the Compound I don't have to send for him. I have had three children and could not raise any of them, but since I have taken the Compound I have a bright baby boy. I advise every suffering woman to try it and get relief. It has done wonders for me."—Mrs. CATHERINE GOODLING, 138 E. King Street, York, Pa.

When a medicine has been successful in bringing health to so many, no woman has a right to say without trying it, "I do not believe it will help me." There must be more than a hundred thousand women in this country who, like Mrs. Goodling, have proven what wonders Lydia E. Pinkham's Vegetable Compound can do for weak and ailing women. Try it and see for yourself.

If there are any complications you don't understand, write Lydia E. Pinkham Medicine Co. (confidential), Lynn, Mass.

Paint can't be Told by Looks

Paint of the sham variety was never known to produce permanently satisfactory work.

It may pass muster for a while, but looks alone cannot stand up against persistent, ravaging attacks of rain and shine. Looks must be backed up by weather resistance as it is in paint made from

Dutch Boy Atlantic White Lead

and pure linseed oil. Protects against decay and gives good looks at minimum cost. Just the thing, too, for inside walls and woodwork.

Our white lead can be had at all first-class paint dealers.
